

WLRSC Election time is near! Will be holding annual elections in December. We will be looking for nominations to fill positions starting in October. Positions open for a 2 year term (2026-2027) are President, Secretary & 2 directors. Please be thinking & consider stepping into one of these roles, or nominate someone you feel would be a great addition to WLRSC. We meet once a month and we are always looking for people with fresh ideas to help our club grow. Contact a current Board member today please.

Deer Permit Area 105

DNR Wildlife Contact(s): Bob Schmidt, 218-395-6033

Deer Permit Area (DPA) 105 contains a mix of agricultural and forest land that can support relatively high deer populations, and also support deer populations that are capable of rapid growth. This population is healthy and stable and can likely sustain a significant harvest, especially after the mild winter of 2024-25. A 2-Deer Limit designation for 2025 is intended to allow harvest opportunity without allowing the population to grow beyond desirable size.

Important CWD information:

Optional CWD testing

2025 Hunting Information

Designation: Two-deer limit

Firearm Options: All Legal Firearms

Special Regulations: Special regulations apply for WMAs in this permit area. See page 103 from the hunting regulations for details.
